

JMC ACADEMY MISSION STATEMENT

The mission of the JMC Academy is to advance knowledge and educate students in creative industry technology and other areas of scholarship, enabling them to reach their full personal and career potential.

The Academy is dedicated to providing its students with an education that combines rigorous academic study and the opportunity to develop their professional practice with the support and intellectual stimulation of a diverse campus community. The Academy seeks to develop in each member of the JMC community the ability and passion to work wisely, creatively and effectively.

In this way JMC Academy graduates can make a valuable and sustainable contribution to their community, the nation and the world.
