Accommodation

There is a wide range of accommodation in Madrid: shared flats, apartments, dormitories... We will give the student a Guide with the different options to facilitate his/her search process. However, sometimes it can be difficult and expensive to find it, especially for students who will be only staying for a few months. That is why TAI recommends students to apply to our student dormitory 'the house of artist'.

The dormitory offers students, at a competitive price, the opportunity to stay in the city centre while living in an international artistic environment with other performers, musicians, painters, designers, and artists of all kinds.

Exchange students will be responsible for obtaining the necessary visas and abiding by all immigration laws and regulations of the host university's country. TAI will assist in such efforts but will have no responsibility for the issuance of visas, permits or approvals. To receive your Acceptance Letter or for further assistance regarding this issue contact the International Department apoyo.internacional@taiarts.com.

Insurance

Students from non-EU Countries will be required to have a copy of their Health Insurance before their arrival to TAI.

Mentoring Program and Welcome Week

Before their arrival, exchange students will be approached by assigned TAI mentors, who will help them before and throughout their stay if they need assistance regarding the functioning of the school, classes, or life in Madrid.

In addition, the Institutional Department organizes a Welcome Week to guarantee the inclusion of the incoming students and their satisfactory incorporation at TAI and the academic, cultural and social life in Madrid.

In the first week of mobility, exchange students will be invited to several cultural activities and informed about all the rules and proceedings of TAI.
