1. PURPOSE

The Sexual Harassment Procedure outlines how JMC Academy will manage incidences of sexual harassment and should be read in conjunction with the *Discrimination, Bullying, Harassment, of Sexual and Sexual Misconduct Policy*.

2. SCOPE

The Sexual Harassment Procedure applies to all members of the workforce and students while engaged in JMC Academy activities on or off campus and extends to wherever that activity takes place, including digital environments.

For the purpose of this Policy, all JMC Academy's workforce members are referred to as 'staff'.

3. DEFINITIONS

For definitions directly applicable to this Procedure refer to the *Discrimination, Bullying, Harassment, and Sexual Misconduct Policy*.

All definitions are located in the *JMC Academy Glossary*.

4. PROCEDURE

4.1. Reports and Complaints of Sexual Harassment

- 4.1.1. Anyone witnessing or involved in an incident of sexual harassment at JMC Academy may make a report or complaint using the *Sexual Misconduct Report Form*.
 - 4.1.1.1. A report – primary purpose of the report is to notify JMC Academy that the incident of sexual harassment occurred and to ensure that the affected person, if identified, received the support they needed to continue studying and working. Making a report does not normally trigger an investigation.
 - 4.1.1.2. A complaint is made by providing all the details of the incident. The formal investigation will commence, and disciplinary actions may follow when the complaint is lodged. Criminal proceedings may also be pursued.
- 4.1.2. Any person can provide information that an incident of sexual harassment has happened and can, at any time, pursue external processes including reporting to Police.
- 4.1.3. An individual's decision on whether they choose to make a report and/or a complaint will be respected and will be kept strictly confidential. Only in exceptional circumstances such as being required by law or where there is a risk of significant harm to themselves or another individual's health and safety will information be divulged to third parties, such as the Police.
- 4.1.4. A support person or representative may be present when attending any meetings relating to sexual misconduct or a complaint. If either the complainant or respondent is unable to personally attend on campus, alternative methods will be considered.
- 4.1.5. All reports or complaints will be recorded in a confidential Sexual Misconduct Register by the Campus Director and analysed which allows JMC Academy to identify any patterns in behaviours and to monitor progress in eliminating sexual misconduct.
- 4.1.6. If any incident is related to a person under the age of 18 years, JMC Academy is under obligation to notify the Police and Community Services through the Child Protection Helpline.

4.2. Managing a Report of Sexual Harassment

- 4.2.1. Upon receipt of a report, the Campus Director will work with the First Responder or Bystander if required and/or the staff member or student. The Campus Director can provide support, including access to counsellors, if needed and will give consideration to possible measures available.
- 4.2.2. While anonymous reporting can be made using the *Sexual Misconduct Report Form* the person making the report will have to identify others who have been involved. However, it must be noted that any response by JMC Academy may be limited by the detail provided.
- 4.2.3. Third party reports may also be made with regards to sexual harassment. Investigations, however, may be limited due to a lack of evidence from the individual who was directly subjected to the harassment or where Procedural Fairness, or Natural Justice is not being followed. Under such circumstances the Campus Director may consider approaching the individual via the third party to see if they would consider making a report.
- 4.2.4. A report enables the Campus Director to discuss options with the person subjected to the sexual harassment. While JMC Academy recognises that generally persons subject to sexual harassment address the behaviour at the time that it happens, it has no expectation, nor does it suggest that the person who is subjected to sexual harassment should have to address the behaviour directly with the person who has harassed them.
- 4.2.5. Bystanders, particularly supervisors and managers, have a responsibility to also address those who act inappropriately. A person subjected to sexual harassment should be able to speak with a Head of Department, Campus Director, supervisor or next level manager, as appropriate, who, on their behalf, will address the offending behaviour with those involved.
- 4.2.6. Potential outcomes include:
 - The supervisor, Head of Department, Campus Director or Senior Management resetting expectations about the offending behaviour with those involved,
 - An apology being made to the person who has been subjected to sexual harassment,
 - A complaint being made by the person subject to the sexual harassment if matter remains unresolved.
- 4.2.7. JMC Academy may still consider proceeding with an investigation if other sufficient evidence exists, particularly where patterns of behaviour have become evident.
- 4.2.8. Even though making a report does not necessarily trigger an investigation it does mean the Campus Director can advise the person subjected to sexual harassment of their options to make a complaint.

4.3. Making a Complaint of Sexual Harassment

- 4.3.1. In making a complaint, the Complainant is required to provide the Campus Director with detailed information in order that an investigation, disciplinary action, or other resolution can be properly undertaken. At this stage, an investigation will formally commence.
- 4.3.2. Should JMC Academy commence an investigation and an external process, such as criminal proceedings, is also being pursued, JMC Academy may decide to suspend its investigation and advise the Complainant of its decision. Notwithstanding JMC Academy will continue to provide all necessary support.
- 4.3.3. In resolving a complaint, JMC Academy must ensure that principles of Natural Justice are observed, and that care must be taken not to dismiss a matter as trivial without due consideration.
- 4.3.4. Any complaint received by the Campus Director will be assessed to ensure that:
 - The appropriate support services have been engaged,
 - There are no immediate safety or other risks associated with the complaint,

- Sufficient information has been provided in order to proceed,
 - Any requirement to notify an external body has been considered and met,
 - The individual has been made aware of and understands the complaint process.
- 4.3.5. Allegations of sexual harassment made against staff members will be referred to the Director of Finance and Operations by the Campus Director for investigation as possible serious misconduct.
- 4.3.6. Allegations of sexual harassment made through a complaint against a student will be investigated by the Campus Director under the *Student Code of Conduct and Non-Academic Misconduct Policy and Procedure*.
- 4.3.7. Where an allegation of sexual harassment is made through a complaint against a Campus Director or senior executive of JMC Academy it will be referred to the Chair of the Governing Council for investigation.

4.4. Investigating a Complaint of Sexual Harassment

- 4.4.1. On receipt of a complaint, the Campus Director will undertake an initial inquiry to determine whether sufficient evidence and standard of proof on the balance of probabilities exists.
- 4.4.2. Where the initial inquiry determines that the allegation does not meet the required standard of proof, the matter will be closed. JMC Academy will continue to provide support to the complainant who will be advised that they can appeal the decision.
- 4.4.3. Where the initial inquiry determines that the allegation meets the required standard of proof JMC Academy will investigate under its relevant discipline procedures.
- 4.4.4. The Director Finance and Operations can determine to suspend a staff member during an investigation, as a precautionary measure, based on a risk assessment and/or on the recommendation of the Campus Director.
- 4.4.5. The Campus Director will consider if a student should be suspended during an investigation based on a risk assessment and/or on the recommendation of a Head of Department.
- 4.4.6. All parties subject to an investigation will be afforded Natural Justice and have the right to have a support person with them.
- 4.4.7. An investigation will be suspended if a complainant decides to pursue criminal proceedings but may recommence if for whatever reason the criminal process ends.
- 4.4.8. In resolving the complaint, the Campus Director will determine the disciplinary action required if it is found that the *Discrimination, Bullying, Harassment, and Sexual Misconduct Policy and Student Code of Conduct* has been breached. Outcomes may include legal action and/or other disciplinary action such as suspension or exclusion from JMC Academy.

4.5. False Allegations and Vexatious Reports and Complaints

- 4.5.1. Reports or complaints made in bad faith, including false information in the course of an investigation may lead to JMC Academy taking disciplinary action against that person.
- 4.5.2. If the person filing the report or complaint is found to be vexatious, JMC Academy may take action under the *Student Code of Conduct* and the *Non-Academic Misconduct Policy and Procedure*.

4.6. JMC Academy Support

- 4.6.1. Students are also able to seek confidential counselling services and support at JMC Academy as needed.
- 4.6.2. JMC Academy's Safe Campus site on JMC Academy's Learning Management System provides a range of information and online resources for students and staff in relation to

safety and wellbeing, including information on consent, sexual harassment, counselling support and pathways to reporting.
